

From Campus Map to Room Diagram Setup in Seconds...

Take your property to new levels with Planview.NET™

With PlanView.NET you can deploy a web-based solution that can be expanded to effectively communicate all of the available meeting and event spaces, as well as, every building and structure on your property. PlanView.NET is only limited by your imagination. It begins with your Campus Map, integrated with Google Maps®, and allows a user to drill-down into buildings with Stacked Floorplans, individual floor diagrams, and even down to individual Rooms, all with the ability to add digital media and marketing-based text Descriptions to any feature.

PlanView.NET is the tool you *need* to effectively market your property and highlight what it has to offer, directly online. PlanView.NET is an easy to use application that is fully customizable allowing direct conversion to your corporate brand. It can also be interfaced with ActiveMatrix.NET™ so that users can create setup diagrams directly from PlanView.NET.

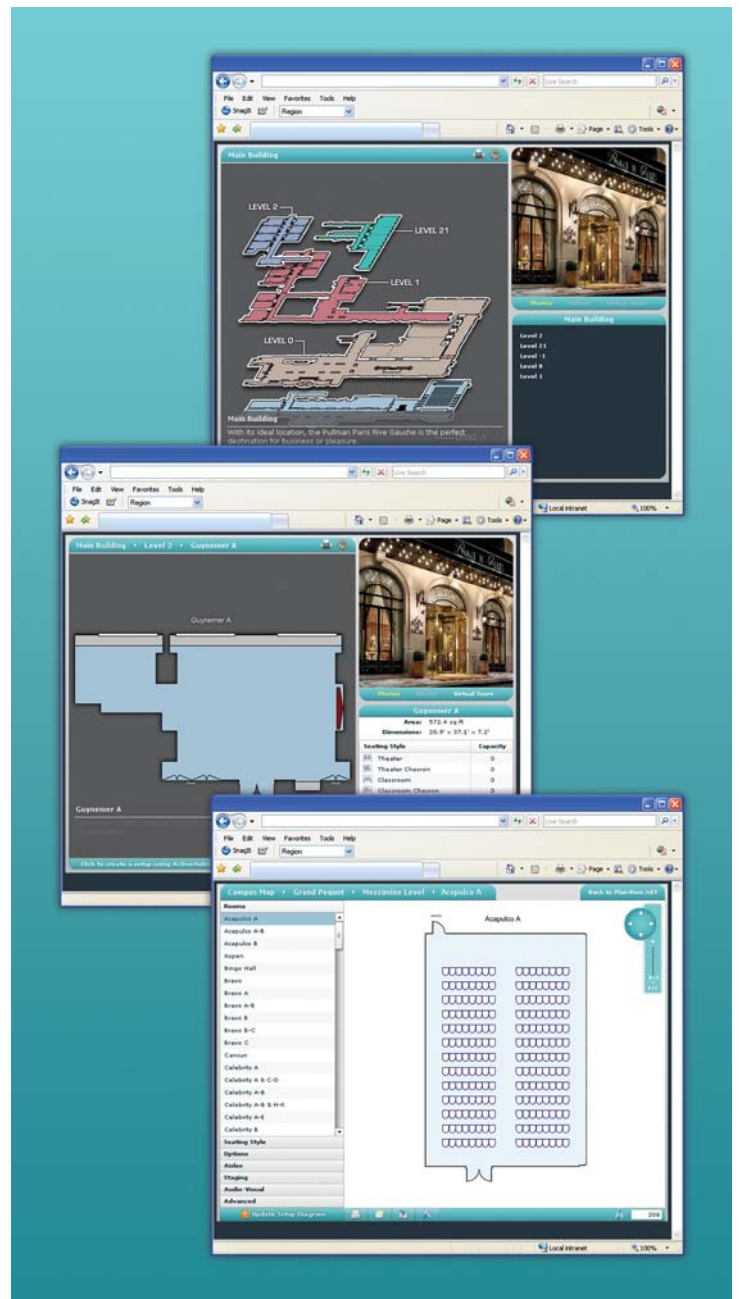

MeetingMatrix®
INTERNATIONAL

PlanView.NET™ is having a great impact on bottom lines throughout the industry, virtually eliminating the need for excessive site visits, the pre-setting of space, and the shipment of sales kits, to name a few. Users can access this tool online, from anywhere, and explore every aspect of your property from a bird's eye view, down to a single meeting room; and with ActiveMatrix.NET™, can access diagrams measured to within ¼ of an inch, and create setups specific to their meeting or event. This service is extremely innovative in that it not only allows you to showcase your entire property in a completely new way, but is accessible directly from your website, ensuring continuity with your marketing initiatives. Visually appealing, and easy to use, PlanView.NET is exactly what your meeting planning customers need in order to accurately plan any meeting or event. So what are you waiting for? Start marketing your property today and give your planners what they're asking for.

Why PlanView.NET™ is the rich internet application your property needs.

- Visitors to your website can now experience full dynamic views of your entire venue starting with a birds-eye view with overlays of your individual building floor plans, and the ability to drill down into exact locations of your retail outlets, restaurants, meeting space, guest and meeting rooms.
- It is easy to use, accurate, and efficient – allowing you to provide your planners exactly what they need, when they need it.
- You have complete control over all embedded images and marketing copy via the MeetingMatrix Customer Center™.
- ActiveMatrix.NET™ can be seamlessly interfaced with PlanView.NET so that users can access guaranteed- accurate diagrams to plan their meetings.
- You have complete control over the appearance of your PlanView.NET interface.
- Available in English, German, French, Spanish, Italian, Chinese, Japanese and Korean.
